Great location on the top floor in the newly built Montemar shopping complex next to the main Parque Commercial in Mojacar Playa.

A 57sqm corner local, including WC, is ideal for an office or small business.

The beautiful hilltop village sits above the Mediterranean sea. With its typical white washed Moorish walls, narrow cobbled streets and the Moroccan architecture throughout the homes and buildings, just some of the reasons making this village one of the most popular in Spain and an all year round holiday destination.

A half hour stroll or a short 5 mins drive takes you to the beach front of Mojacar where a wide variety of bars and restaurants can be found.

With 17kms of rugged coastline, some of the most beautiful in Spain, with many coves and quiet beaches to choose from.
